## The Argument Used

Y the makers of the second-class baking powders to induce the dealer to push them off on Royal consumers is that they cost less than Royal and afford the dealer much more profit.

But you, madam, are charged the same price for them as for the absolutely pure Royal, which is perfectly combined from the most highly refined and expensive materials. The lower cost of the others is caused by the cheap, impure materials used in them, and the haphazard way in which they are thrown together.

Do you wish to pay the price of the Royal for an inferior baking powder, made from impure goods, of 27 per cent. less strength? If you buy the other powders, insist upon having a corresponding reduction in price.

#### Fail to do Their Duty.

Everybody has at times failed to do their duty towards themselves. Hundreds of lady readers suffer from sick headache, nervousness, sleep-them follow the example of Mrs. H. Herbechter, Stevens Point, Wis., who for five years suffered greatly from nervous prostration and sleep-lessness, tried physicians and different medicines without success. But one bottle of Dr. Miles' Nervine caused sound aleep every night and caused sound aleep every night and Glizabeth Wheeler, Laramie City, Wyoming, who tried all other remedies, declares that after three week's use of the Nervine for Headache, Nervous Prostration, etc., she was entirely relieved. ## HUDSON, HUMPHRIES & CASSELL!

The so-called Hammers Club came up from Louisville and gave a poor exhibition of ball playing at Lake Park Tuesday afternoon. When the game was advertised it was supposed that the Frankfort Club would have opponents who would make the game interesting to the spectators, but when they reached here it was found that most of the players were those who had been here with other clubs which our boys had no trouble in defeating, and but a small crowd went down to the Park to see the game. The visitors were short a catcher and Goins, right fielder of the Frankforts, had to be loaned them to fill that position, which he did in a creditable manner. Merchant pitched a splendlid game, only letting the visitors get two hits off of him, and those were in the eighth inning, when he cased up. On the other hand Montz was an easy mark for the home boys, as they made fifteen safe hits during the game. Dick Van Derveer, who took Goins' place in the field, played a great game—making two hits, one of them a three bagger, and made a long running catch of a beautifulity ball. Tommie Newman tricked Robinson in the eighth inning in a way that the Hammers' second baseman despized. Robinson had gotten his base on balls, worked his way around to third and was playing away off, anxious to score—Barrett also being off the base—when Tommie came in quietly from the field, where he had nothing to do, stopped for a moment behind the Louisville coacher, who was looking after Robinson, until he caught Davis' eye and then like a flash covered third. Davis put the ball into his hands straight as an arrow, catching Robinson between hase, where he was run down and put out in a second. Wicks Lindsey and Sherley Wintersmit both distinguished themselves at the bat, the former getting in a hone run and several base hits, and the latter a beautiful three bagger. Davis made will be palaed the ment of the county are searched the palaed the manner. Some evil-minded person is practicing a cruel hoax upon Mr. Chas Johnson and family, who reside in the three-story building on Main streets, opposite the Capital Hotel. Mr. Johnson keeps a grocery in the lower part of the house while his family occupy the second and third floors. At intervals for some time past small pieces of coal, potatoes and other small substances have been made to drop upon the floor of different apartments in some unaccountable way. small substances have been made to drop upon the floor of different apartments in some unaccountable way, until it has gotten to be a great amnoyance to the family, and the report having gone abroad that the house was hannted, large crowds of curious people have flocked there to wintess these "spiritual manifestations," as they are called, causing the family great inconvenience. Those who are superstitious claim that there is something supernatural about the co-curences and even Mr. Johnson claims that he has seen the rocking chairs in his bedchamber vibrate back and forth and the swinging leaf of as sewing machine table rise and fall, moved by an unseen hand. A prominent local spiritualist has been consulted and has given if as his opinion that there is a female medium in the house, and when she is present these ment local sparses and sulted and has given if as his opinion that there is a female medium in the house, and when she is present these manifestations take place but cease when she is a basent. If he is correct, the remedy is plain—remove the "medium" and the annoyance will cease. But if Mr. Johnson wishes to lay in his supply of winter fuel he should place what coal he has upon his premises in a secure place, so that it cannot be "worked over," and induce the "medium" to increase the shower and size of the lumps.

One gentleman is satisfied that if he lived in the house and the weather was cold, the ghost would cause only iesecicles and snowballs to fall upon the floor.

The Colonel described his experience in an interesting letter published in the Courier-Journal of Tnesday, in which he says the miners looked upon him with the eye of suspicion and had about concluded to take him off the train and take care of him when the train backed out and ran away.

#### A Ray of Hope.

There is a hope fondly cherished by our citizens that when the circus comes is will leave with us some new song, the air and words of which are sufficiently "catchy" to forever efface from the memory of the small boy the abominable tune, "Boom-ta-ra," which he has been singing, whistling, beating and dinging into the ears of a long suffering public all summer.

Mr. John Carpenter, of Goodland, Ind., says: "I tried Chamberlain's Colic, Cholera and Diarrhoa Remedy, for diarrhoa and severecramps and pains in the stomach and bowels, with the best results. In the worst cases I never had to give more than the third dose to effects cure. In most cases one dose will do. Besides its other good qualities it is pleasant to take." 25 and 50 cent bottles for sale by J. W. Gayle, Druggist.

Item and asked to stay all night. I saked him some questions about himself and he said he had no parents and had been living with Mr. Pierce, of Peak's Mill; said that his name was Gurtis Lawrence, and said that was Gurtis Lawrence, and said that and that they could not get along to Louisville, between Walnut and Madison streets, but I can't remember the name of the people who he said he was going to see.
